3. **Dr. Shailendra Tripathi** – Trustee
4. **Dr. Shivendra Tripathi** – Trustee
5. **Raj Lakshmi Tripathi** – Trustee
6. **Dr. Priyanka Tripathi** – Trustee
7. **Manisha Tripathi** – Trustee

Type of Trust

Public Charitable Trust

Registered with the primary aim of serving society through welfare activities in multiple sectors including education, healthcare, livelihood, culture, and social support.

Our Activities

1. Educational Activities

We believe education is the foundation of progress. The trust offers and supports educational opportunities from **primary to postgraduate levels**, including:

- Technical education
- Medical & health education
- Library and study resources
- Skill development training
- Digital literacy programs
- Workshops and vocational courses

Our goal is to create educated, capable, and confident citizens.

2. Financial Assistance

To support underprivileged individuals and families, the trust provides:

- Financial aid for essential needs
- Interest-free support for emergency situations
- Assistance for education, medical care, and livelihood

3. Small-Scale Business Encouragement

To promote self-employment and rural entrepreneurship, the trust encourages and supports small businesses like:

- **Murgi Palan** (Poultry Farming)
- **Madhumakkhi Palan** (Beekeeping)
- Local handicrafts
- Micro-enterprise training

This helps families generate stable income and improves rural economic development.

4. Agricultural Activities

The foundation promotes sustainable and modern agricultural practices through:

- Awareness programs
- Farm-based training
- Organic farming guidance
- Support for rural farmers

5. Religious Activities

We organize and support activities that preserve cultural and spiritual heritage, including:

- Community religious functions
- Spiritual awareness camps
- Festival support services

6. Nursery Activities

The trust actively works in environmental conservation through:

- Plant nursery development
 - Plantation drives
 - Distribution of saplings
 - Awareness on ecological balance
-

Upcoming & Past Events

1. Kumbh Mela 2025

The foundation will participate in Kumbh Mela 2025 by:

- Providing free medical camps
 - Offering shelter and food support
 - Organizing help desks and awareness drives
-

2. Talent Search Exam 2025

A district-level talent search examination to:

- Identify meritorious students
 - Encourage academic excellence
 - Prize Distribution and Provide scholarships to further studies
-

3. Blanket & Cloth Distribution

Our annual humanitarian drive includes:

- Blanket distribution in winter
- Clothing support to underprivileged families
- Special outreach programs for elderly and homeless individuals

Trust Activities and Objects

a. Educational Activities

To promote and provide education from primary to postgraduate level, including technical education, medical education, library facilities, and skill development programs, with the aim of empowering children, youth, and underserved communities through quality learning opportunities.

b. Financing Activities

To offer financial assistance to poor and needy individuals for fulfilling their essential requirements such as education, healthcare, livelihood support, and emergency needs, ensuring social upliftment and stability.

c. Encouragement of Small-Scale Businesses

To support and motivate individuals to establish small-scale income-generating activities, such as poultry farming (Murgi Palan), beekeeping (Madhumakkhi Palan), and other micro-entrepreneurship ventures, enabling economic self-reliance.

d. Agricultural Activities

To promote and assist in agricultural development, including training in modern farming techniques, organic farming, farmer awareness programs, and initiatives that enhance rural productivity and sustainability.

e. Religious Activities

To organize and support religious, spiritual, and cultural activities that foster moral values, community harmony, and preservation of spiritual heritage.

f. Nursery Activities

To engage in nursery development, including plantation drives, distribution of saplings, environmental awareness programs, and promoting greenery for ecological balance and a healthier environment.
